1. Welcome to Orion Technologies

1.1 A Message from Our CEO

Dear Orion Team Member,

Welcome aboard -- we are genuinely thrilled to have you with us. Whether you are joining Orion for the first time or returning after a break, you are now part of a team of over 1,200 people spread across twelve countries who wake up every day determined to build infrastructure software that makes the modern internet faster, safer, and more reliable.

This handbook is your guide to how we work together. It documents the policies, benefits, and expectations that form the foundation of life at Orion. We have tried to write it in plain language rather than legalese, because we believe you deserve to understand your rights and responsibilities without needing a lawyer by your side.

Please read it carefully, ask questions whenever something is unclear, and know that every policy here was crafted with one goal in mind: to create a workplace where exceptional people can do the best work of their careers.

With gratitude,

Priya Nandakumar
Chief Executive Officer, Orion Technologies, Inc.

1.2 Our Story

Orion Technologies was founded in 2011 by three engineers -- Priya Nandakumar, Marcus Webb, and Yuki Tanaka -- in a two-bedroom apartment in Austin, Texas. The founding idea was simple: cloud infrastructure tooling was too complex, too fragile, and too expensive for the majority of engineering teams that needed it.

The company launched its first product, OrionGrid, in 2013 -- a distributed task scheduler that reduced infrastructure costs by an average of 40% for its first 50 customers. By 2016, Orion had raised Series B funding, expanded to Europe, and grown to 150 employees. Today, Orion serves over 8,000 enterprise customers across financial services, healthcare, e-commerce, and government sectors, processing more than 4 trillion events per month on its platform.

We went public on the NASDAQ (ticker: ORNX) in 2022 and have been profitable every quarter since.

1.3 Mission, Vision & Values

Mission

To make powerful infrastructure technology accessible to every engineering team on Earth.

Vision

A world where software reliability is a given, not a luxury.

Our Five Core Values

- * Craft -- We take pride in our work and hold ourselves to a high standard of quality.
- * Transparency -- We default to openness. Information flows freely at Orion.
- * Customer obsession -- Every decision starts with the question: does this make our customers more successful?
- * Inclusion -- We build a workforce as diverse as the world we serve.

- * Accountability -- We own our outcomes, celebrate our wins, and learn from our failures without blame.

1.4 About This Handbook

This handbook applies to all regular full-time and part-time employees of Orion Technologies, Inc. and its wholly-owned subsidiaries. It does not constitute an employment contract and does not alter the at-will nature of employment at Orion (see Section 2.1).

Orion reserves the right to amend, modify, or rescind any policy in this handbook at any time, with or without notice. The most current version is always available on the Orion People Portal at people.orientech.io. When this handbook is updated, employees will be notified by email and will be required to acknowledge the updated version within 14 days.

2. Employment Policies

2.1 At-Will Employment

Employment at Orion Technologies is at-will, meaning either the employee or Orion may end the employment relationship at any time, for any lawful reason or no reason at all, with or without notice. Nothing in this handbook, any offer letter, or any verbal statement by a manager creates a contract of employment for a definite term.

The at-will nature of employment at Orion can only be modified by a written agreement signed by the Chief Executive Officer or Chief People Officer.

2.2 Equal Opportunity Employment

Orion Technologies is an equal opportunity employer. We do not discriminate in hiring, promotion, compensation, benefits, training, termination, or any other term of employment on the basis of race, color, religion, sex (including pregnancy, gender identity, and sexual orientation), national origin, age (40 or over), disability, genetic information, veteran status, or any other characteristic protected by applicable federal, state, or local law.

This commitment applies to all employment decisions made by all employees at all levels. Any employee who believes they have experienced or witnessed discrimination is encouraged to report it immediately using the process described in Section 11.

2.3 Employment Classifications

Classification	Hours per Week	Benefits Eligible	Description
Full-Time Regular	40+	Yes (full)	Permanent position, ongoing basis
Part-Time Regular	20-39	Yes (pro-rata)	Permanent position, reduced hours
Part-Time Limited	< 20	Limited	Ongoing, fewer than 20 hrs/week
Fixed-Term	Varies	Yes (full)	Time-limited project or role
Intern / Co-op	Varies	No	Student placement, typically 12-16 wks

Independent contractors and consultants engaged by Orion are not employees and are not covered by this handbook. Their terms are governed by their individual service agreements.

2.4 Introductory Period

All new regular employees serve a 90-day introductory period beginning on their first day of work. This period gives both the employee and Orion an opportunity to assess fit and performance. During this time, employees have access to all standard benefits but may not participate in certain programs such as the annual promotion cycle or tuition reimbursement.

Completion of the introductory period does not alter the at-will nature of employment.

2.5 Background Checks

All offers of employment are contingent on the successful completion of a background check, which may include criminal history, employment verification, education verification, and where applicable to the role, credit history and professional licence verification.

Background checks are conducted by a third-party provider in compliance with the Fair Credit Reporting Act (FCRA).

Candidates are provided with all required notices and have the right to dispute any adverse information before a final employment decision is made.

2.6 Immigration & Work Authorization

Orion is committed to employing only individuals who are legally authorized to work in the country of employment. All new hires must complete Form I-9 (in the United States) or the equivalent documentation for their location within three business days of their start date.

Orion sponsors H-1B, O-1, TN, and other work authorisation categories on a case-by-case basis depending on role requirements and business need. Employees who require visa sponsorship must notify the People team at least 180 days before their current authorisation expires.

2.7 Rehire Policy

Former employees who left Orion in good standing (eligible for rehire) may be considered for open positions. Prior service is generally not credited for purposes of benefits eligibility or PTO accrual unless specifically negotiated in the offer letter.

Employees who were terminated for cause or who resigned with less than two weeks' notice are designated as ineligible for rehire.

3. Code of Conduct & Ethics

3.1 Professional Standards

Orion employees are expected to conduct themselves professionally, honestly, and with integrity at all times -- both inside and outside the workplace when representing Orion. This means:

- * Treating all colleagues, customers, partners, and vendors with respect.
- * Communicating clearly, honestly, and constructively.
- * Delivering commitments on time and flagging issues early when timelines are at risk.
- * Protecting Orion's assets, intellectual property, and confidential information.
- * Avoiding actions that could embarrass Orion or compromise its reputation.

3.2 Conflicts of Interest

A conflict of interest exists when an employee's personal interests -- financial, professional, or relational -- could interfere, or appear to interfere, with their obligations to Orion.

Employees must disclose any actual or potential conflict of interest to their manager and the People team immediately upon becoming aware of it. Examples include:

- * Holding a financial interest of more than 1% in a competitor, supplier, or customer.
- * Serving as a director, officer, or employee of a competitor or supplier.
- * Having a family member or close personal relationship with someone in a position to influence your compensation, assignment, or promotion.
- * Accepting a secondary employment arrangement that conflicts with Orion's business interests.

Disclosure does not automatically create a problem -- Orion will work with employees to manage conflicts appropriately. Failure to disclose a conflict may result in disciplinary action up to and including termination.

3.3 Gifts & Entertainment

Employees may accept gifts or entertainment from vendors, customers, or business partners only when all of the following conditions are met:

- * The gift or entertainment has a fair market value of USD \$75 or less.
- * It would not be viewed as an attempt to improperly influence a business decision.
- * It complies with applicable laws and the recipient's own company policies.
- * It is not cash or a cash equivalent (gift cards, vouchers, etc.).

Gifts exceeding \$75 in value must be declined or, if declining would cause offence, reported to the People team within five business days. During procurement processes, no gifts of any value may be accepted from participating vendors.

3.4 Confidentiality & Intellectual Property

Employees have access to confidential information about Orion, its customers, and its business partners. This includes source code, product roadmaps, financial data, personnel information, customer data, trade secrets, and business strategies.

Employees must:

- * Not share confidential information with anyone outside Orion without authorisation.
- * Store and transmit confidential data only using Orion-approved, encrypted channels.

- * Return or destroy confidential materials upon termination of employment.
- * Promptly report any actual or suspected breach of confidential information.

All work product created by an employee in the course of their employment belongs to Orion. Employees must sign Orion's Proprietary Information and Inventions Agreement (PIIA) as a condition of employment.

3.5 Social Media Policy

Orion respects employees' rights to participate in personal social media activity. However, when posting online in any capacity that references Orion, employees must:

- * Clearly identify that their opinions are personal and do not represent Orion's views.
- * Not disclose confidential or proprietary information.
- * Not make false or misleading statements about Orion, its products, employees, or competitors.
- * Not engage in harassment, hate speech, or content that violates Orion's anti-harassment policy.
- * Follow all applicable laws regarding securities (no material non-public information).

Employees who are authorised to post on Orion's official social media channels must follow the Social Media Brand Guidelines available on the People Portal.

3.6 Reporting Ethics Concerns

Orion maintains an anonymous Ethics Hotline operated by a third-party provider. Employees may report concerns about ethics violations, fraud, financial misconduct, or any other policy violation without fear of retaliation.

Ethics Hotline: 1-800-ORN-ETHI (1-800-676-3844)

Online: oriontech.ethicspoint.com

All reports are investigated by the Legal and People teams. Retaliation against any employee who makes a good-faith report is strictly prohibited and is itself grounds for termination.

4. Work Hours, Attendance & Remote Work

4.1 Standard Work Hours

Orion's standard work week is 40 hours, Monday through Friday. Core hours -- when all employees are expected to be available for meetings and collaboration -- are 10:00 AM to 3:00 PM in the employee's local time zone.

Exempt employees (salaried) are expected to work the hours necessary to fulfil their job responsibilities. Non-exempt employees (hourly) must record all hours worked accurately in Orion's time-tracking system, WorkDay, and must obtain manager approval before working overtime.

4.2 Flexible Work Arrangements

Orion supports flexible scheduling where role requirements permit. Employees may request:

- * Adjusted start/end times (e.g., 7:00 AM - 3:00 PM instead of 9:00 AM - 5:00 PM).
- * Compressed work weeks (e.g., four 10-hour days).
- * Part-time schedules.

Requests must be submitted to the employee's manager and approved by the People team. Flexible arrangements are subject to business needs and may be modified or revoked with two weeks' notice.

4.3 Remote Work Policy

Orion operates as a distributed-first company. Employees may work remotely by default, provided they meet the following requirements:

- * Maintain a reliable internet connection (minimum 50 Mbps download / 10 Mbps upload).
- * Work from a private, secure location -- not a public café or shared coworking space -- when handling sensitive data.
- * Be available during core hours (10:00 AM - 3:00 PM local time).
- * Attend in-person team gatherings (typically quarterly; travel covered by Orion).
- * Use Orion-approved, encrypted VPN when accessing internal systems.

Home Office Stipend

Full-time employees receive a one-time home office setup stipend of \$1,500 upon joining and an annual equipment refresh allowance of \$500 per year. Receipts must be submitted through Concur within 60 days of purchase. Laptops and other Orion-owned equipment remain company property and must be returned upon termination.

International Remote Work

Working from a country other than your country of hire for more than 30 consecutive days requires prior written approval from the People team and Legal. Tax, immigration, and employment law implications vary significantly by country and must be assessed in advance.

4.4 Attendance & Punctuality

Consistent attendance is critical to team performance. If you are unable to work due to illness or an emergency, notify your manager as early as possible -- ideally before your scheduled start time. Absences must be logged in WorkDay within 24 hours.

Excessive unplanned absences (more than 5 unscheduled days within any rolling 90-day period, excluding approved leave) will be addressed through the performance management process described in Section 12.

5. Compensation & Payroll

5.1 Pay Philosophy

Orion's compensation philosophy is to pay at the 65th percentile of the relevant talent market for each role and level, using data from Radford, Mercer, and Levels.fyi as primary benchmarks. Total compensation at Orion is composed of:

- * Base salary -- fixed annual amount paid bi-weekly.
- * Annual performance bonus -- target 10-20% of base salary depending on level (see Section 5.4).
- * Equity -- Restricted Stock Units (RSUs) granted at hire and at each annual review cycle.
- * Benefits -- see Section 6 for full details.

5.2 Pay Periods & Direct Deposit

Employees are paid bi-weekly (every two weeks) on Fridays, for the two-week pay period ending the preceding Saturday. When a payday falls on a public holiday, payment is made on the preceding business day.

Direct deposit is required for all employees. Banking details are entered through WorkDay during onboarding. Changes to banking information must be submitted through WorkDay at least five business days before the next pay date.

5.3 Overtime (Non-Exempt Employees)

Non-exempt employees will be paid overtime at 1.5× their regular hourly rate for all hours worked in excess of 40 hours in a single work week. In states that mandate daily overtime (e.g., California), applicable state law will apply.

All overtime must be approved in advance by the employee's manager. Unauthorised overtime will still be compensated but may result in disciplinary action.

5.4 Annual Performance Bonus

Orion's annual performance bonus is paid once per year, in March, based on performance in the prior calendar year. Eligibility requires:

- * Active employment on the date of payment.

Level	Target Bonus (% of Base Salary)	Maximum Bonus

IC4 - IC5 (Staff - Principal)	15%	22%
IC6+ / Manager - Director	20%	30%

5.5 Equity -- Restricted Stock Units (RSUs)

RSUs are granted to employees as part of their total compensation package. Standard vesting schedule is 4 years with a 1-year cliff: 25% vests after 12 months, then 1/48 per month for the remaining 36 months.

RSU grants are subject to approval by the Board of Directors Compensation Committee. Tax withholding on RSU vesting is handled automatically by Orion's equity administrator, Carta.

5.6 Expense Reimbursement

Orion reimburses employees for reasonable and necessary business expenses incurred in the performance of their duties. All expenses must be:

- * Submitted through Concur within 30 days of the expense date.
- * Accompanied by an itemised receipt for any expense over \$25.
- * Approved by the employee's manager before submission where possible.

Expenses over \$500 require VP-level approval. Personal expenses, alcohol (unless part of a pre-approved client entertainment event), fines, and upgrades beyond economy class for flights under 5 hours are not reimbursable.

6. Employee Benefits

Benefits Eligibility

Approval is at manager and People team discretion and depends on business needs. Benefits continue during approved unpaid leave, though the employee is responsible for paying their share of benefit premiums.

8. Performance, Growth & Development

8.1 Performance Review Cycle

Orion conducts formal performance reviews twice per year:

- * Mid-Year Check-In (June): Informal, focused on progress against goals and development needs.

10. Workplace Health & Safety

10.2 Reporting Injuries & Incidents

Any work-related injury, illness, or unsafe condition must be reported to the employee's manager and the Facilities team within 24 hours of occurrence. For injuries requiring immediate medical attention, call 911 first.

Workers' Compensation insurance covers all work-related injuries and illnesses. Employees must file a claim through HR within 24 hours of an incident to ensure coverage. Failure to report a workplace injury promptly may affect eligibility for Workers' Compensation benefits.

10.3 Drug & Alcohol Policy

Orion maintains a drug-free workplace. Employees are prohibited from:

- * Reporting to work while impaired by alcohol, illegal drugs, or any controlled substance.
- * Using, possessing, distributing, or selling illegal drugs on company premises or during company activities.
- * Consuming alcohol during work hours, except at company-sponsored events where alcohol is served.

Violation of this policy may result in immediate termination. Employees struggling with substance use are encouraged to seek confidential support through the EAP (Section 6.5) before performance or conduct issues arise.

10.4 Emergency Procedures

Emergency evacuation maps are posted at all Orion office locations. Employees should familiarise themselves with the nearest exits and assembly points on their first day.

In the event of a fire, active threat, or other emergency:

- * Evacuate the building calmly using the nearest stairwell -- do not use lifts.
- * Proceed to the designated assembly point for your floor.
- * Do not re-enter the building until cleared by emergency services.
- * Account for your team members and report any missing persons to the floor warden.

11. Anti-Harassment & Non-Discrimination

11.1 Policy Statement

Orion Technologies is committed to maintaining a workplace free from all forms of harassment, discrimination, and retaliation. This policy applies to all employees, contractors, interns, and vendors and covers conduct that occurs in the workplace, at company-sponsored events, and in work-related communications (email, Slack, video calls).

Harassment is any unwelcome conduct based on a protected characteristic (race, sex, religion, national origin, age, disability, sexual orientation, gender identity, or any other legally protected status) that creates a hostile, intimidating, or offensive work environment, or that results in an adverse employment decision.

Sexual harassment includes unwelcome sexual advances, requests for sexual favours, and other verbal or physical conduct of a sexual nature. It includes quid pro quo harassment (submission to sexual conduct as a condition of employment) and hostile environment harassment.

11.2 Reporting Procedure

Any employee who believes they have experienced or witnessed harassment or discrimination should report it as soon as possible using one of the following channels:

- * Direct report to your manager (if the manager is not the subject of the complaint).
- * Report to any member of the People team.
- * Anonymous report via the Ethics Hotline: 1-800-676-3844 or oriontech.ethicspoint.com.
- * Email to: hr-confidential@oriontech.io (reviewed only by the CPO and Legal).

Reports may be made verbally or in writing. Employees are not required to confront the person whose behaviour they are reporting before making a formal complaint.

11.3 Investigation Process

All reports of harassment or discrimination will be:

- * Acknowledged within 1 business day of receipt.
- * Investigated promptly, thoroughly, and impartially by the People team and/or Legal.
- * Kept as confidential as possible, limited to those with a need to know.
- * Resolved with appropriate corrective action if the complaint is substantiated.

Both the reporting employee and the subject of the complaint will be notified of the outcome to the extent permitted by confidentiality obligations.

11.4 Non-Retaliation

Orion strictly prohibits retaliation against any employee who makes a good-faith report of harassment or discrimination, or who participates in an investigation. Retaliation includes termination, demotion, schedule changes, exclusion, or any other adverse action.

Retaliation is itself grounds for disciplinary action up to and including termination, regardless of the outcome of the underlying complaint.

12. Disciplinary Procedures

12.1 Progressive Discipline

When an employee's performance or conduct does not meet Orion's standards, we generally follow a progressive discipline process. The goal is corrective, not punitive -- to give employees a clear opportunity to improve before more serious action is taken.

The typical steps are:

- * Step 1 -- Verbal Warning: Manager discusses the issue, expectations, and required improvement. Documented in the employee's file.
- * Step 2 -- Written Warning: Formal written notice describing the issue, prior discussions, required changes, and consequences of continued non-compliance.
- * Step 3 -- Performance Improvement Plan (PIP): 30-90 day structured plan with specific, measurable goals and weekly check-ins.
- * Step 4 -- Final Written Warning or Suspension: Last formal notice before termination, or unpaid suspension pending investigation.
- * Step 5 -- Termination of Employment.

Orion reserves the right to skip steps or apply any step at any time, depending on the severity of the conduct. Progressive discipline does not alter the at-will nature of employment.

12.2 Grounds for Immediate Termination

Certain conduct is so serious that it warrants immediate termination without prior warning, regardless of prior performance history. Examples include (but are not limited to):

- * Theft, fraud, or deliberate misappropriation of company or customer assets.
- * Physical violence or credible threats of violence against any person.
- * Harassment resulting in a hostile work environment after investigation.
- * Intentional breach of data security or confidentiality obligations.
- * Falsification of employment records, time records, or expense reports.
- * Possession or use of illegal drugs on company premises.
- * Serious violation of Orion's Code of Conduct.
- * Conduct that causes material harm to Orion's reputation or financial standing.

13. Separation & Offboarding

13.1 Voluntary Resignation

Employees who wish to resign should notify their manager in writing as early as possible. The expected notice period by level is:

Level	Notice Period
IC1 - IC3	2 weeks
IC4 - IC5 / Manager	4 weeks
Director and above	6 weeks

Orion may, at its discretion, accept shorter notice, place the employee on garden leave for the notice period, or waive the notice period entirely. The employee's last day will be confirmed in writing by the People team.

13.2 Involuntary Termination

Orion will communicate termination decisions directly and respectfully. The People team and the employee's manager will be present. The employee will be informed of:

- * The effective date of termination.
- * Severance entitlements, if any (see Section 13.3).
- * The process for returning company property.
- * Continuation of benefits (COBRA, RSU vesting, final pay).
- * Any post-employment obligations (non-solicitation, confidentiality).

13.3 Severance

Severance is not guaranteed and is provided at Orion's discretion based on circumstances. When offered, standard severance guidelines are:

Years of Service	Severance (Weeks of Base Pay)
Less than 1 year	2 weeks
1 - 3 years	1 week per year of service (min. 4 weeks)
3 - 7 years	1.5 weeks per year of service
7+ years	2 weeks per year of service (max. 26 weeks)

Severance is contingent on the employee signing a separation agreement and general release of claims. Severance is not offered in cases of termination for cause.

13.4 Final Pay

Final pay, including all earned but unpaid wages and accrued but unused PTO (for non-exempt employees), will be paid in accordance with applicable state law -- typically on the last day of employment (California, Colorado) or the next regular pay date (most other states).

Exempt employees are not entitled to PTO payout unless required by state law or specified in the separation agreement.

13.5 Return of Company Property

On or before the last day of employment, departing employees must return all Orion property, including:

- * Laptop and all peripherals (charger, monitors, keyboard, mouse).
- * Access badges, keys, and parking passes.
- * Any confidential documents, printed materials, or data storage devices.
- * Corporate credit cards.

Employees who fail to return company property may be invoiced for the replacement cost. All access to Orion systems is revoked on the final day of employment.

13.6 References & Employment Verification

Orion's policy is to confirm employment dates and job title only when responding to external reference requests. Any employee or manager who provides a reference beyond these facts does so in a personal capacity and must not represent themselves as speaking on behalf of Orion.

Employment verification requests should be directed to: hr@oriontech.io
